Meeting called to order at 6PM

The minutes from March 21 were approved

Old Business:

The Russ Arrell truck and trailer have moved out of site behind the hangars

No other old business

New Business:

1. Discussed the residency requirement for two board members and our new member.
2. Discussed current City Council members up for re-election and their challengers and who to support and how to support them.
3. Discussed the Washington Community Airport Association convention that Mance, Harshman, Garringer and Lapinski attended.
Jeff Harshman highlighted how many of the small airports are being run along with meeting all the WSDOT aviation people. He talked about the new Economic Impact and LATS studies that are being done and should be out in 2012. Grant Jensen from Hebert research presented the Colville study to show what new version might show. Jeff also discussed his time with David Ketchum and what current hanger owners might expect in the future if the airport project continues.

Other Business

1. None

The meeting was adjourned at 7:15 PM
